

Developing and promoting incentives for FAIR data

Monica Lassi, Lund University, Sweden (EOSC Nordic WP4, task lead for T4.3)

DEVELOPING FAIR DATA PRACTICES

ACROSS THE NORDIC AND BALTIC COUNTRIES

Investigate Practices

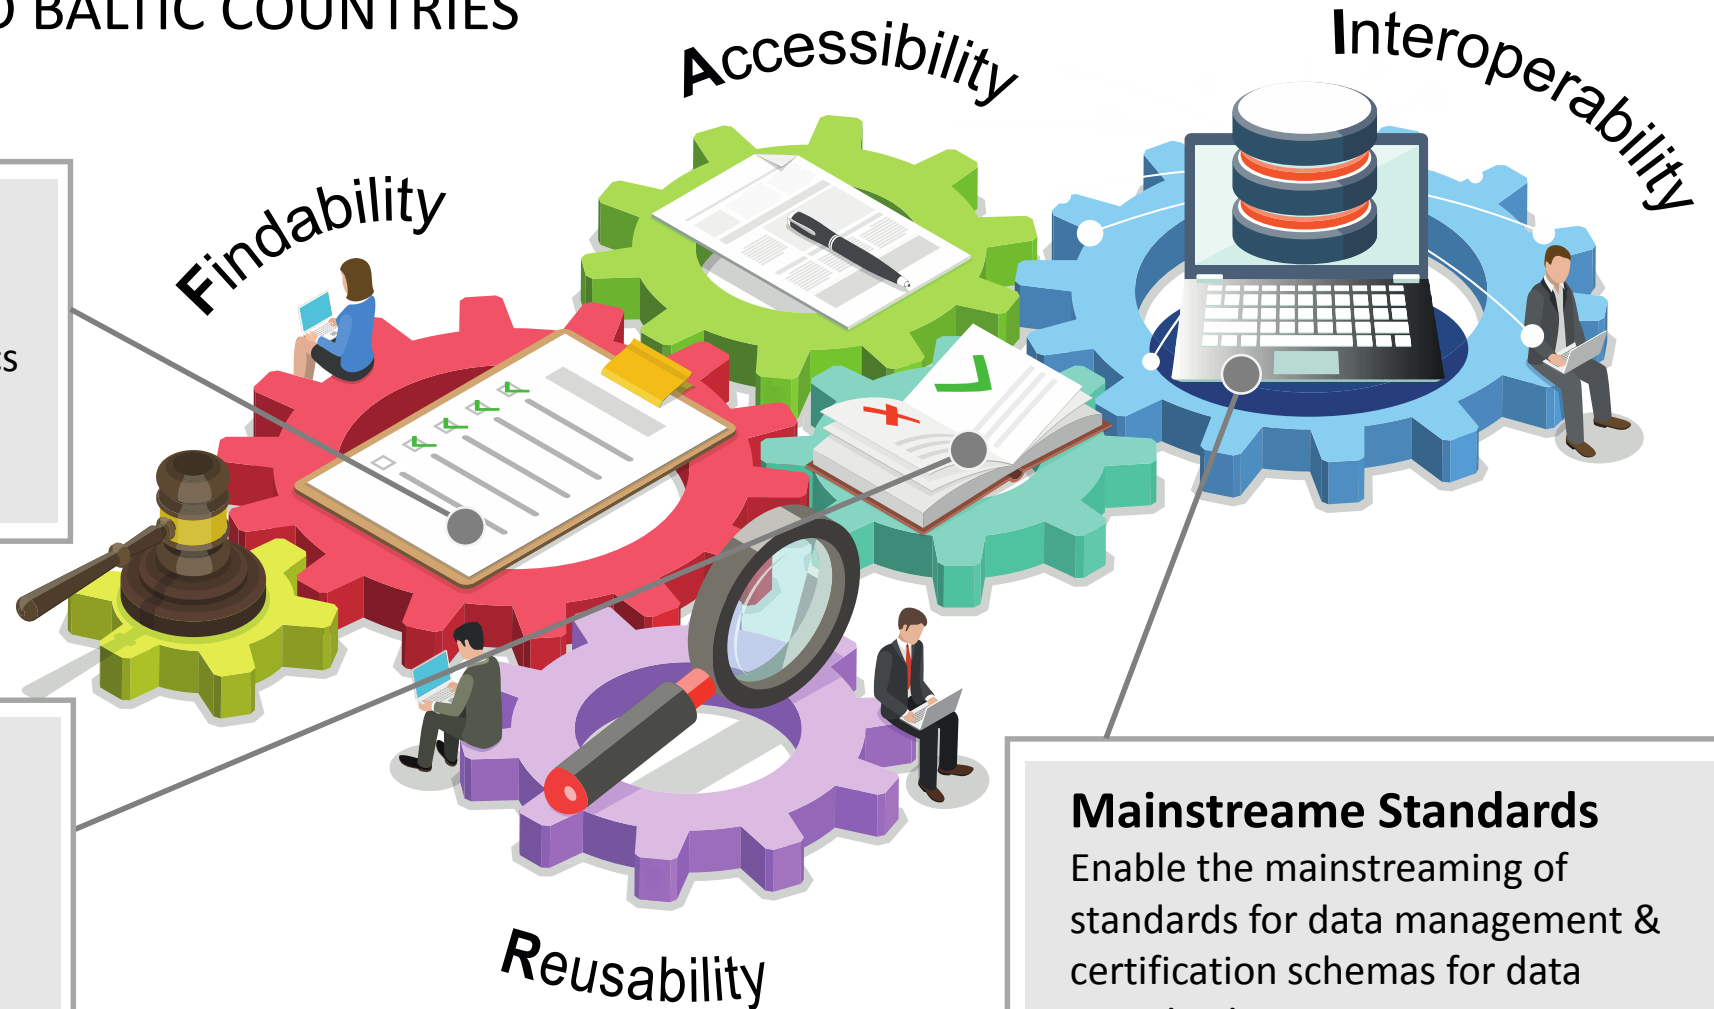

Investigate and inform about the state of FAIR practices in the Nordics and the Baltics, looking at national policies and practices.

Develop Incentives

Develop and promote incentives for the uptake of FAIR data practices across national scientific communities

Mainstream Standards

Enable the mainstreaming of standards for data management & certification schemas for data repositories

TASKS

- T4.3.1 Mapping of policy implemented incentives within the Nordic and Baltic members states
- T4.3.2 Identifying effective incentives that increase uptake of FAIR practices
- T4.3.3 Dialog with stakeholders and policy makers

QUESTIONS TO YOU

- Do you know of any relevant studies that we can base our interview study on?
 - (Including surveys in your WPs)
- Come to think of any other resources that could be relevant for us?
 - (Including upcoming/planned studies)
