

EOSC-Nordic

Per-Olov Hammargren,
Coordinator at the SNIC Office, Uppsala University

24 Participants – 10 countries

Iceland

- UNIVERSITY OF ICELAND

Norway

- NORDFORSK
- UNINETT SIGMA2 AS
- NORWEGIAN CENTER FOR RESEARCH DATA

Denmark

- DENMARK TECHNICAL UNIVERSITY
- UNIVERSITY OF SOUTHERN DENMARK
- DANISH NATIONAL ARCHIVES
- UNIVERSITY OF COPENHAGEN
- CAPITAL REGION OF DENMARK
- NORDUNET / AS

Netherlands
GoFair

Germany
DKRZ

Sweden

- UNIVERSITY OF UPPSALA/SNIC
- SWEDISH RESEARCH COUNCIL/SUNET
- UNIVERSITY OF GOTHENBURG/SND

Finland

- CSC – IT CENTER OF SCIENCE
- UNIVERSITY OF HELSINKI
- UNIVERSITY OF TAMPERE
- UNIVERSITY OF EASTERN FINLAND
- FINNISH METEOROLOGICAL INSTITUTE

Estonia

- UNIVERSITY OF TARTU
- NATIONAL INSTITUTE OF CHEMICAL PHYSICS AND BIOPHYSICS

Latvia

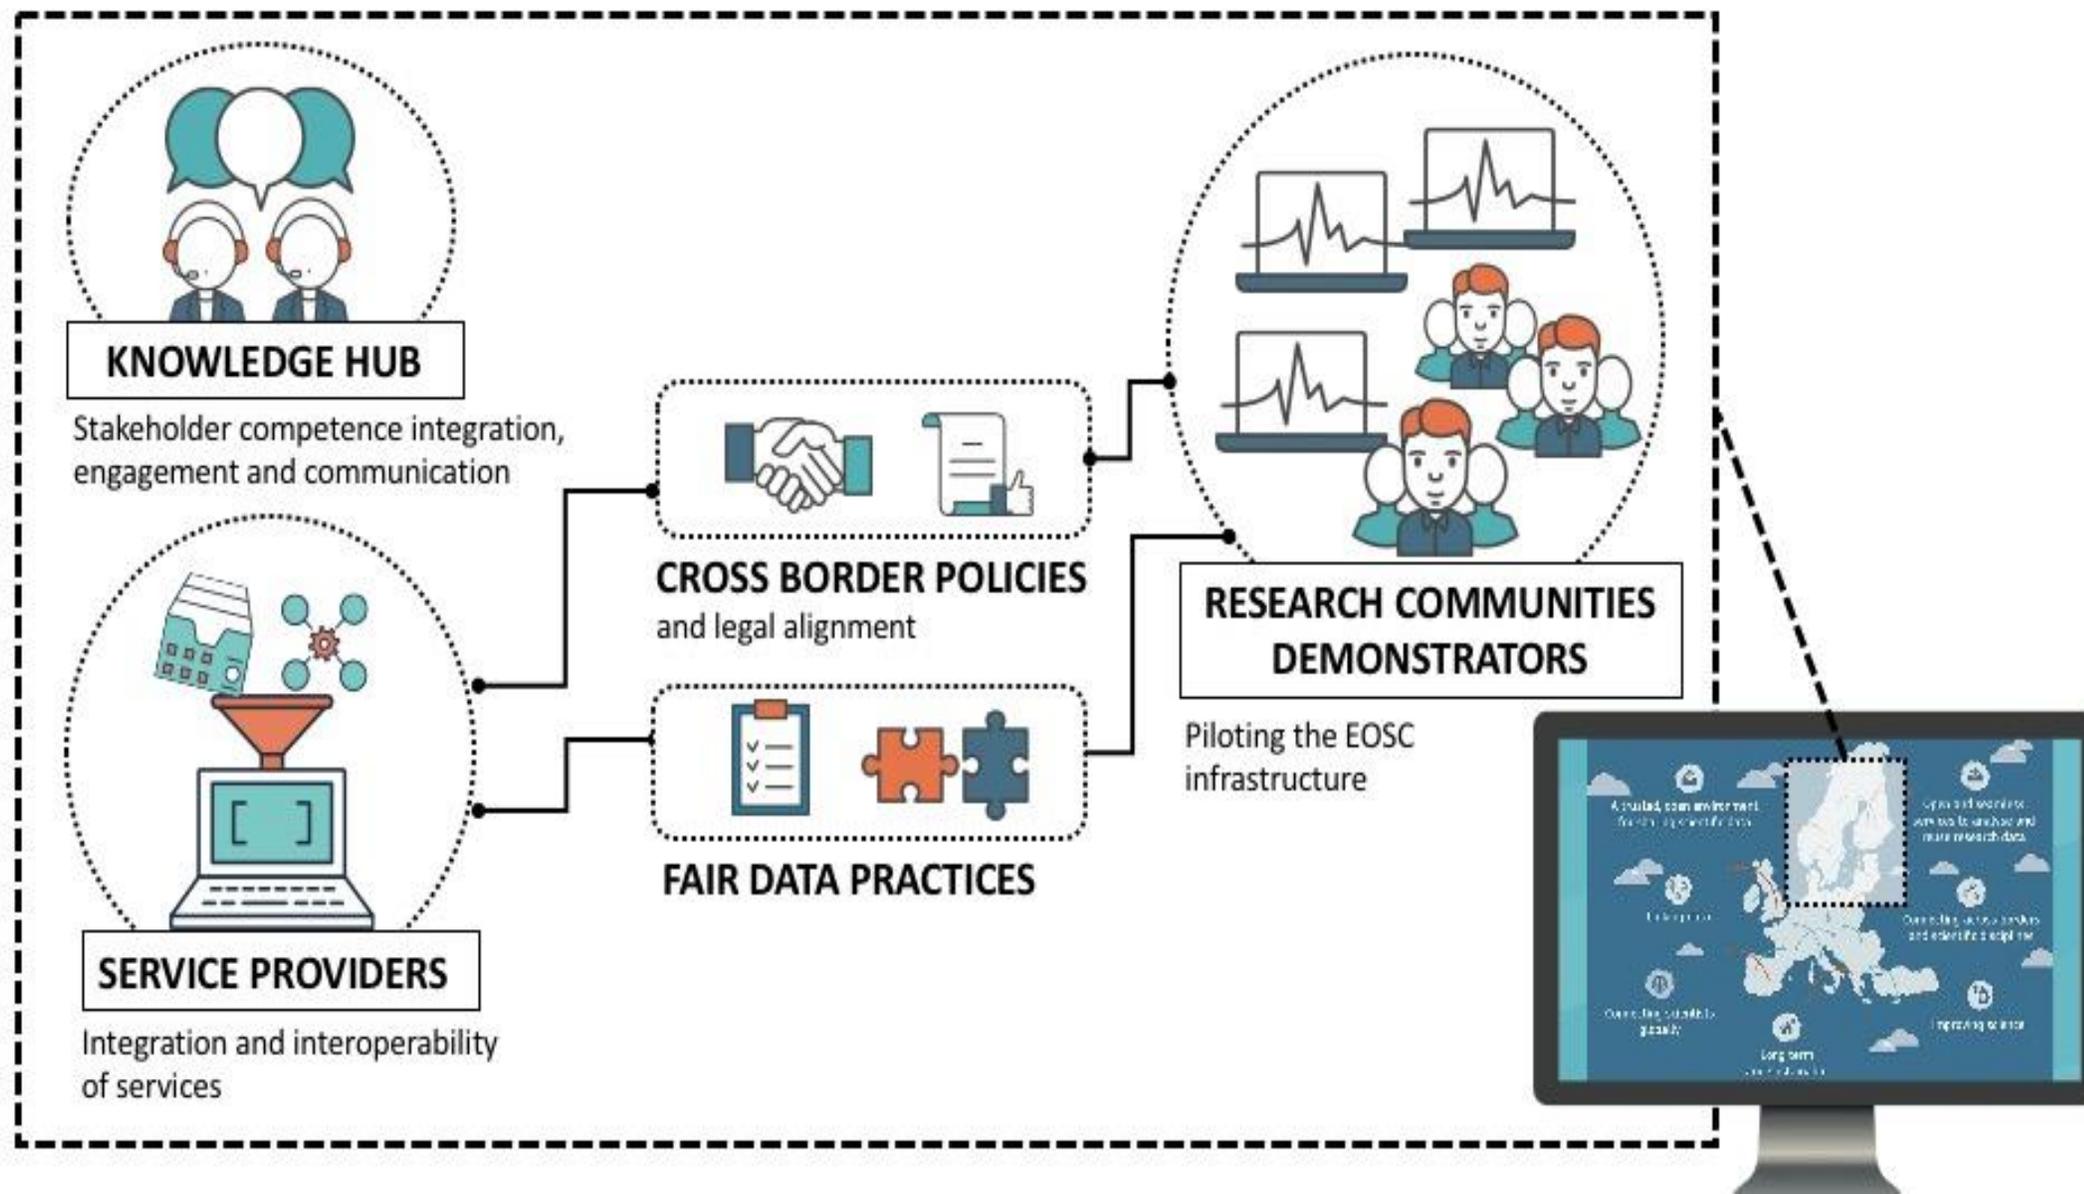

- RIGA TECHNICAL UNIVERSITY

Lithuania

- UNIVERSITY OF VILNIUS

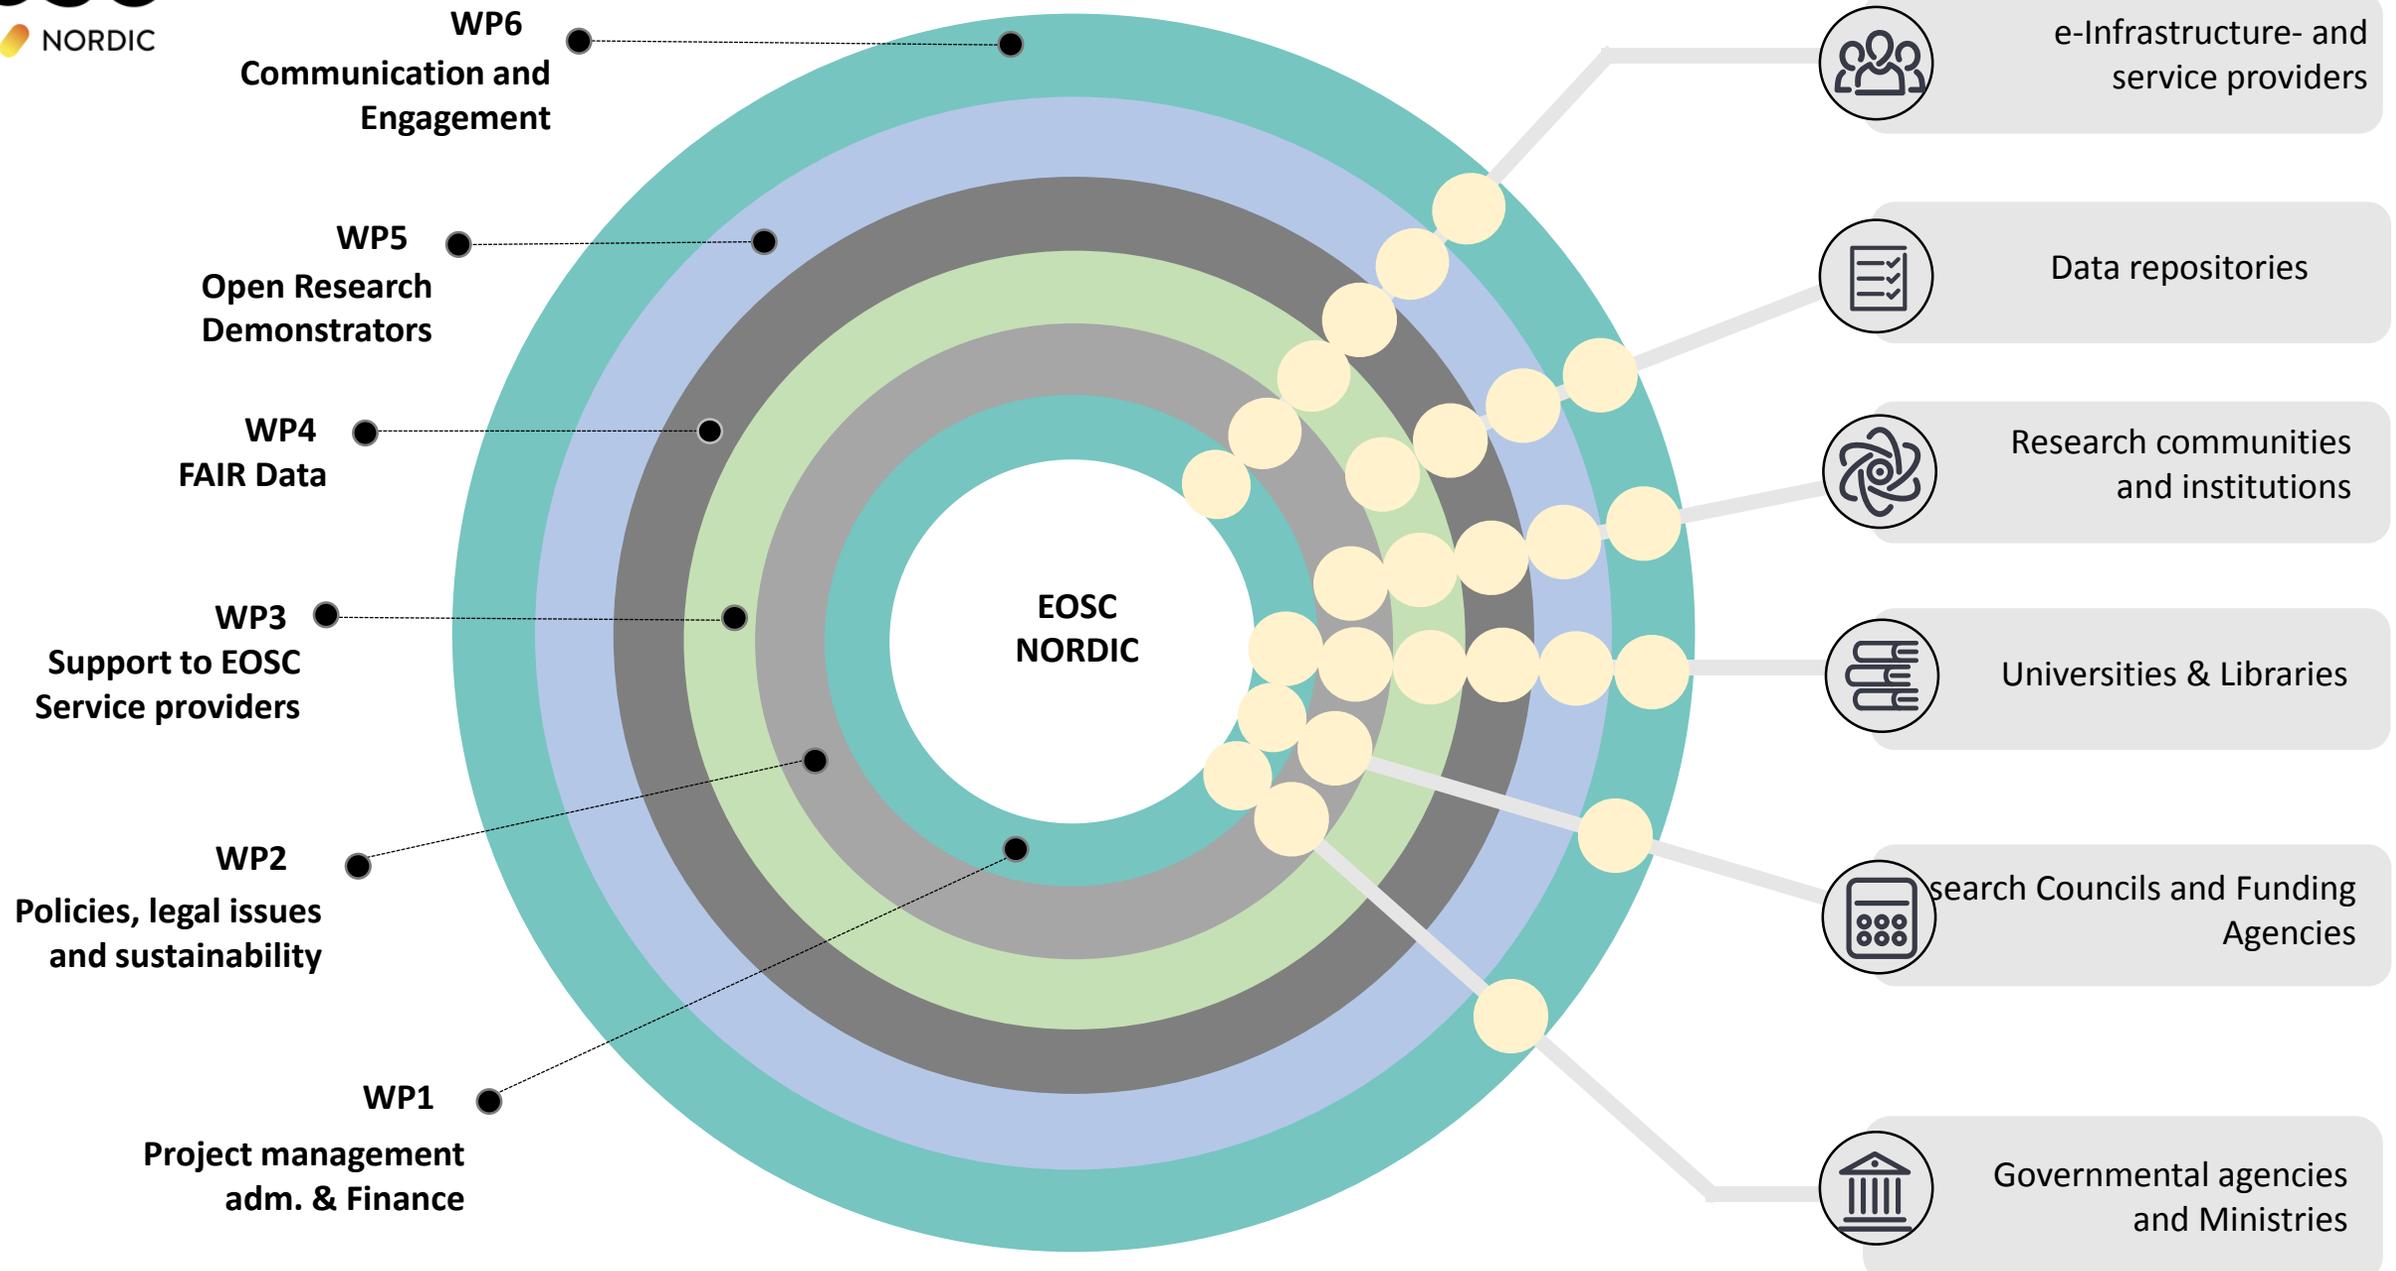

EOSC NORDIC

CATALYSING THE TAKE-UP OF EOSC IN THE NORDIC REGION

A mapping & analysis of the research infrastructure landscape in Europe

A mapping & analysis of the research infrastructure landscape in Europe

Inter-project collaboration & coordination started in summer 2019

- Landscaping activities as foundation of all INFRAEOSC-5b related projects
 - Main goal: creating a comprehensive picture of the e-infrastructure landscape

WP lead: CSC, Finland

What has been accomplished so far?

- **Input to the EOSC-Pillar development of survey concept**
 - **Inventory of Nordic target groups being finalized**
 - **In the process of setting up our online instance for the survey**
 - **Open source software, using the same tool as EOSC-Pillar**

EOSC-Nordic survey launch: Mid November

Target Groups and Topics

Four target groups in the Nordics and Baltics:

- **e-Infrastructures (including data repositories, data/computing centres, HPC's, NREN's)**
- **Research Infrastructures**
- **Funding bodies**
- **Universities**

Topics:

- **Business models, SLAs and user support**
- **Access policies, authorization and authentication models and licensing**
- **Data management, FAIRness and certification**
- **Communities, services and usage**

Next steps

- **Field period: 4to 6 weeks (November-December)**
- **Analysis and preparation of data (January 2020)**
- **Dissemination of results (starting in February)**
- **Codified cooperation with regional projects**

Utilizing the results

- **Results as foundation for:**
 - **Support of the implementation of EOSC**
 - **Policy steering and evidence-based decision-making via the ESOC-WG:s**
 - **Basis for future surveys and data collection**

Questions to discuss

We are conducting the survey to aid the EOSC-WG:s getting an overview of the European research infrastructure landscape, Hence I wonder:

- **Are there specific aspects of the research infrastructure landscape you are specially interested in and want us to find out more about?**
- **What information do you require to further your understanding of the landscape?**
