

EOSC-Nordic WP4 workshop: From Self-Assessment to Certification with FAIR Results June 3rd, 2021

Mari Kleemola, FSD/Tampere University

Housekeeping

- Please note that the session will not be recorded
- Presentation slides available at <https://indico.neic.no/event/191/>
- Collaborative note-taking document:
<https://docs.google.com/document/d/1plqvMEsrvfbtNHOy5RhMQH55DtLFzABpxWWuq6CoZWA/edit?usp=sharing>
- Workshop etiquette:
 - All participants to be muted during presentations
 - Questions/comments to be put into chat - they will be monitored and added to notes
 - If you wish to speak, use the 'raise hand' function

This workshop is primarily targeted to Nordic and Baltic data repositories undergoing or interested in repository certification. The goal is to run a practically oriented and interactive event, allowing participants to share experiences, voice issues, and pose questions about CoreTrustSeal self-assessments or certification process. Prior understanding of the CoreTrustSeal is helpful but not required.

There will be time specifically for discussion after each presentation and in the end.

Program

09:00	→ 09:20	Welcome and Introduction to EOSC WP4 Goals and Support Modes Available <i>Speaker:</i> Mari Kleemola (Finnish Social Science Data Archive)	🕒 20m
09:20	→ 09:40	Making your repository more trustworthy – good practices from FAIRsFAIR <i>Speaker:</i> Linas Čepinskas (DANS - Data archiving and Networked Services)	🕒 20m
09:40	→ 09:55	Repository Experiences on Certification: DataverseNO <i>Speaker:</i> Philipp Conzett (UiT The Arctic University of Norway)	🕒 15m
09:55	→ 10:05	BREAK	🕒 10m
10:05	→ 10:20	Repository Experiences on Certification: FinBIF <i>Speaker:</i> Kari Lahti (FinBIF - Finnish Biodiversity Information Facility)	🕒 15m
10:20	→ 10:55	Discussion and Q & A <i>Speakers:</i> Trond Kvamme (NSD - Norwegian Centre for Research Data), Tuomas J. Alaterä (FSD - Finnish Social Science Data Archive)	🕒 35m
10:55	→ 11:00	Closing Remarks	🕒 5m

Diagram 4: CoreTrustSeal Requirements in Brief

EOSC-Nordic trust support

Support level	Modes of support	Target group
Raising awareness of good repository practices based on standards	Webinars, EOSC-Nordic knowledge hub, blog posts and other openly available materials	All repositories
FAIRification of metadata records	FAIRification workshops	All repositories
Self-assessment against selected CoreTrustSeal requirements	Review and feedback on self-assessment texts on selected requirements (typically 3-5), invitation-only workshops to share experiences	Selected repositories
CoreTrustSeal self-assessment with the intention of a formal CoreTrustSeal application submission	Review and feedback on self-assessment texts of all 16 requirements, invitation-only workshops to share experiences	Selected repositories
CoreTrustSeal + FAIR approach	Peer support for testing of CoreTrustSeal + FAIR approach as proposed by FAIRsFAIR	1-2 repositories that are already CoreTrustSeal certified
FAIRification support	Individual consultancy	Selected repositories

Supported repositories (currently active)

- Bolin Centre Database
- DataDOI
- FinBIF
- Icelandic Social Science Data Service (DATICE)
- Lithuanian Data Archive for Social Sciences and Humanities (LiDA)
- NIRD Research Data Archive
- QsarDB
- SU (Stockholm University)
- DTU (Danmarks Tekniske Universitet)
- USN (University of South-Eastern Norway)
- Musiikkiarkisto (Music Archive Finland)
